NHS COVID PASS (vaccine passport)

An NHS COVID Pass shows your coronavirus (COVID-19) vaccination details or test results. This is your COVID-19 status. You may be asked to show your pass to travel abroad, or at events and venues in England asking for proof of your COVID-19 status.

Download your NHS Covid Pass on the NHS App, the NHS website or get it via the post in paper form

---

Here's how to get a digital version of the NHS Covid Pass

You can get a digital version using the NHS App or NHS website. You can also download your NHS Covid Pass as a PDF or get it sent to you in an email. Either:

- download the **'NHS' App** (this is different from the 'NHS Covid 19' App) from your App store. You must be registered with a GP surgery in England to use the App.

   or

- use the online 'NHS COVID Pass' service (see link below):

   https://www.nhs.uk/conditions/coronavirus-covid-19/covid-pass

To get a paper version of the NHS Covid Pass (vaccination status only)

You can get an NHS COVID Pass letter sent to you in the post. This shows you've been vaccinated against COVID-19. It does not show COVID-19 test results.

You can ask for a letter after having your 2nd dose of the vaccine. You should get the letter within 5 working days. You can use your letter at venues in England where you need to prove your COVID-19 status 2 weeks after you have been fully vaccinated.

You do not need to be registered with a GP surgery or have an NHS login for this. You can get a letter by requesting an 'NHS COVID Pass' letter online (very easy to do). Visit:

https://www.nhs.uk/conditions/coronavirus-covid-19/covid-pass/get-your-covid-pass-letter

<u>or</u> you can call **119** and request an 'NHS Covid Pass' letter.

NB The information above is taken from the NHS website (August 2021). Please visit the website below for more details and updates.
